Dear Kelly,

On behalf of the Columbus Board of REALTORS®, thank you for presenting your one-hour class, General Water Treatment, to the members of the association for our first “Lunch and Learn” program. All the exit evaluations from the participants rated your presentation “good to excellent” in the categories (course content, speaker’s presentation, and compared to other courses, this course was...). Nearly all of the participants agreed that the course met their expectations. Some of the comments included:

- “The speaker’s overheads were great – it would be nice to have them as handouts.”
- “Could have this level of instruction and another level, too”
- “I liked the course, but I was looking more for well info and testing info”

As we discussed, the Residential Education Committee will review the evaluations and determine if a longer course with expanded content is in the offing for some time in the future.

Thank you, again. It was a pleasure working with you to get this course approved for continuing education credit by the Ohio Division of Real Estate. We enjoyed having you address our members to give them so much valuable information.

Sincerely,

Lucy O. Buzzee
